# Yuri Randhal Rodrigues Braga

Recently graduated in Software Development, looking for new
challenges.
Santo André

## Resumo

Recently graduated in Software Development, exploring different
areas and technologies. Have preference for Front End development
but is currently studying Full Stack (JavaScript, TypeScript, Node.JS,
React, Angular, PHP, MongoDB, MySQL). Looking for a position
where I can take big challenges  and continue to learn and develop
my career by both working with real life applications and being
mentored and supported by an amazing team.

Currently learning: Angular, TypeScript, HTML, CSS & Sass

## Experiência

**Colégio Almirante Monteiro**
Technology and Support Intern
dezembro de 2020 - março de 2021 (4 meses)
Diadema, São Paulo, Brasil

Founded in 2009 in Diadema, SP, the Colégio Almirante Monteiro has the
mission of  developing creativity, autonomy, critical thinking, ethics and
citizenship in all of the students. http://www.colegioalmirantemonteiro.com.br

Worked as a Technology and IT Support intern for the school.
Main achievements:
• School website – Redesigned and maintained the WordPress website, added
small features (360 view)
• Social Media – Digital Marketing campaign for Facebook Ads and Google
Ads
• Data Analysis – Automated extraction of data from Google Forms satisfaction
surveys (with parents, staff, etc)
